General

As part of my military duties, I demonstrated a high ability in managing and leading people and internal and external organizational factors.
The high abilities are expressed in connecting and harnessing people to my tasks.
My interpersonal communication is excellent both with my subordinates and with my managers.
I'm Multi-tasking, with a particularly high sense of service, thoroughly responsible and professional.
I'm also has logistical capabilities, and handling complex situations that require several skills at the same time and solving crises in real time.
Has a high ability to withstand pressure, solve problems in real time, creativity and full commitment to my tasks and duties.
Even in my positions after the release I demonstrated versatility,
Ability to combine work and studies.
I have high and unique artistic abilities, creative and always striving for aesthetics.
